Subject: URGENT Letter from Alliance of Automobile Manufacturers to EPA Administrator G. Scott Pruitt
[Letter to EPA Admin. Pruitt Feb. 21, 2016 Signed.pdf](#)

Dear Administrator Pruitt:

The attached letter, on behalf of the Alliance of Automobile Manufacturers, requests that the U.S. Environmental Protection Agency (EPA) withdraw the Final Determination on the Appropriateness of the Model Year 2022-2025 Light-Duty Vehicle Greenhouse Gas Emissions Standards under the Midterm Evaluation (Final Determination) which was announced on January 13, 2017 but never published in the *Federal Register*.

The Alliance is not asking EPA to make a different Final Determination at this time. All we are asking is that EPA withdraw the Final Determination and resume the Midterm Evaluation, in conjunction with NHTSA, consistent with the timetable embodied in EPA's own regulations. We believe that, if carried out as intended, the Midterm Evaluation can lead to an outcome that makes sense for all affected stakeholders and for society as a whole.

The Alliance welcomes the opportunity for further dialogue. Please contact me at your earliest convenience to discuss this matter further. Thank you.

Mitch Bainwol

President and CEO
